

STANDARD SERIES D2852KS Walk-In Tub

The American Tubs' **D2852KS** from our Standard Series allowing users for a roomy and comfortable bathing experience.

Boasting a 41" height, this model provides a deep soaking experience for the upper body. Additionally, its relatively compact outer dimensions allow it to be maneuvered easily through most standard doorways, hallways, and stairwells. The innovative curved door design affectionately called the "knee saver", features a large 20" wide upper measurement with a narrow 14" lower width on the door making closing the door while seated significantly easier.

Aesthetically appealing to the eye, yet spacious and accommodating, the D2852KS is ideal for individuals up to 230lbs. It is no wonder the D2852KS is quickly becoming our top seller.
